## OPTIONAL EQUIPMENT

- Wide variety of colour upgrades.
- Colour upgrade to metallic (only black or grey).
- Exterior side wrapping with decorative film.
- Internal cockpit surfaces with EVA Marine Deck materials (SeaDeck).
- Steering consoles:
  - Remote Console
  - Side Console
- Mechanical steering system:
  - Steering wheel;
  - Gearbox;
  - Cable.
- Removable side railings – 4 pcs.
- Aluminum bench seats with fixation, with the possibility of adjustment along the entire cockpit.
- Swivel seats.
- Foldable or non-foldable adjustable two-seater sofa platform.
- Soft padded covers for aluminum seats.
- Mooring canopy (shape depends on the installed console).
- High-pressure pump with a pressure washer.
- Electrical kit:
  - Control block (switching keys – 5 pcs., spare – 1 pc.);
  - 12V socket;
  - Set of fuses;
  - Navigation lights (green, red);
  - Masthead light (white);
  - Mass switch;
  - Battery tray;
  - Automatic bilge pump;
- Bag – locker under the seat.
- Rowing kit: oars – 2 pcs., universal lock – 2 pcs.
- Pocket – mesh for small items – 4 pcs.
- Fishing package:
  - Rod holders on the inner side – 4 pcs.
  - Borika mounting system:
  - Platform with universal lock – 2 pcs.;
  - Additional rod holder – 2 pcs.;
  - Universal side lock on the gunwale – 2 pcs.;
  - Mounting platform for sonar installation;
  - Anchor holder with automatic stopper on the gunwale.
- Boat cover for storage
- Bimini Top

## STANDARD FEATURES

- The hull is fully painted with grey polyester powder paint (RAL 7011).
- Reinforced bow platform with the ability to install additional equipment (anchor winch, electric anchor).
- T-shaped profile for mounting sliding bench- seats, stern bench-seat, and other equipment on both sides of the cockpit side niches.
- Built-in elements for seat posts – 4 pcs.
- Piano hinges for storage compartment hatches.
- Stainless steel storage compartment locks.
- PVC mooring bar dark gray profile, mounted in the external T-slot.
- 1 bow rim, 2 stern rims.
- Inner aluminum overlay on the transom – 1 pc.
- Outer plastic overlay on the transom – 1 pc.
- Mounting platform for installing a transducer on the transom – 2 pcs.
- Zinc anodes (additional hull corrosion protection) – 4 pcs.
- The boat is pre-drilled for an electrical package (cable channels).
- Buoyancy noodle blocks according to ISO 6185 standards.
- Drainage system.
- Lockers:
  - 3 self-draining bow lockers;
  - 4 self-draining side lockers for storing items and accessories (2 of them – for storing 4 fishing rods);
  - 1 self-draining stern locker;
  - 1 self-draining anchor compartment;
  - 1 self-draining deck compartment;
  - 4 side compartments for storing fishing rods.
- Adjustable internal side handles in T-slot – 4 pcs.
- Keel protection.
- Duck mooring rims – 4 pcs.
- Detachable oars with storage bag – 2 pcs.
